Alcohol: 12.9% PH: 3.68 Acid: 6.1

Harvest: September 2018

Cases Produced: 99

Bottled: February 2020

Chapin Winery is pleased to release our Estate grown Petite Sirah.

Petite Sirah is a grape called Durif that was discovered in France in the 1860's and is not just baby Syrah grapes but is a cross pollination of Peloursin and Syrah grapes which produced a small, intensely colored berry that is high in tannins and acidity.

This wine is earthier than most reds, bold and bright, spicy, black pepper, cedar, plums. Deep inky purple color and deep rich plummy flavors with aromas of blackberry, chocolate, pepper and spice. Some vanilla and coconut.

The silky texture, high tannins and acidity make it great for pairing with curries as well as rich meaty dishes. Roasted pork, beef burgers, aged gouda swiss cheese, fresh mozzarella, sautéed mushroom, eggplant, stuffed peppers
